### ABOUT RAE

Rae earned her MA in Teaching from the University of Portland and her MA in Creative Writing and Reading Theory from San Francisco State University after graduating Magna Cum Laude from Loyola Marymount with a BA in English. She has been a full-time virtual tutor since 2008, inspiring her students to find and exceed their academic goals, standardized testing, and life.

As a creative extrovert and natural mentor, Rae builds life-long relationships with her students and their families. With thousands of hours of tutoring and test prep, she considers challenges and opportunities and encourages her students to do the same. She's a voracious reading and self-proclaimed language nerd, but don't let that fool you. Her ability to break down complex math concepts, especially for more verbal or creative thinkers, has enabled countless students to achieve top scores on their SAT/ ACTs.

# CHRIS KESTER

## TUTOR

### ABOUT CHRIS

Chris graduated from the University of Boulder with a Bachelor's in Chemical Engineering and worked as an environmental engineer until ultimately finding his passion as a full-time tutor. With a decade of virtual tutoring experience, he's helped hundreds of students improve grades and test scores, lower stress, and earn admissions to top universities.

As a former engineer, Chris is excited by complex problem-solving and is even more excited to share his passion with students. A master of critical and strategic thinking, he's integral to developing Marigold Prep's test prep curriculum. With a coach-like teaching style, Chris has a unique ability to make them feel both supported and held accountable.

When Chris isn't teaching or developing curriculum for Marigold Prep, you'll likely find him skiing or rock climbing.

## TUTOR

## ABOUT JENNA

After earning her B.A. in Biology and M.A. in Science Education from the University of Iowa, Jenna taught AP Biology, Physics, and Environmental Sciences in the classroom. Here, she discovered the power of sketch-noting and story-boarding-based curricula, especially with her students who typically struggled with math and science. She continues incorporating science-backed visualization techniques into her teaching, which helps her students "touch and feel" otherwise abstract concepts.

In addition to teaching advanced STEM concepts in the classroom, Jenna has experience as a math interventionist, test prep tutor, and executive functioning coach. She's passionate about helping students reach those "a-ha" moments, where they can break big concepts into manageable chunks and build confidence as a result. Jenna's warm and encouraging approach inspires students to take control of their organizational habits, which translates to more autonomy and accountability in the classroom and beyond.

## TUTOR

### ABOUT AMANDA

With a B.S. in Mathematics and Secondary Education, Amanda is as much of a “numbers-person” as she is a “people-person”. With over a decade of experience as a private tutor and classroom teacher, she’s helped students from middle school through college increase grades, test scores, and confidence.

Drawing on diverse experience teaching at top private schools and in underserved communities, Amanda adapts her teaching style to suit each student’s unique needs. A problem solver by nature, Amanda’s a master of explaining the “why” behind tricky SAT/ ACT problems and confusing math concepts, developing confidence and a growth mindset in her students as a result.

When she’s not tutoring for Marigold Prep, Amanda enjoys exploring the great outdoors of the Pacific Northwest and nerding out about nature.

## TUTOR

### ABOUT KEVIN

Kevin graduated with honors from Montclair State University with a degree in Biochemistry. Since 2010, Kevin has been a full-time virtual tutor, spending thousands of hours helping students earn top SAT/ ACT scores and grades.

A true life-long learner, Kevin's passion for problem-solving and critical thinking is contagious to his students. He excels at preparing students for rigorous exams, like APs, SATs, and ACTs, while helping them understand how their skills apply to the real world. His knowledge, expertise, and ability to inspire a growth mindset spark internal motivation in his students, even in subjects they've previously found discouraging.

In addition to helping countless students reach elite SAT/ACT scores, Kevin draws on his 15 years of test prep experience to help develop Marigold Prep's proprietary curriculum. When he's not tutoring, you can find him enjoying the great outdoors.
